ACN: 137 740 973 ACT Licence No: 2009571B NSW Licence No: 235967C

With more than 45 years of experience, we are realistic and accurate in our advice and have the knowledge and systems to back it up. Over the years, we have developed a specialised and supportive approach to extending and remodelling homes, which will ensure we provide you and your family with a great experience, great outcomes and great value. This is supported by our recent 2015 HIA ACT/Southern NSW Professional Small Builder of the Year award.

Build Professional is committed to the building industry and we are proud members of the Master Builders Association, Housing Industry Association and Building Designers Australia. We are also recognised as HIA Greensmart Professionals for sustainable building.

**Contact us to discuss  
designing and building  
your dream project – and  
let's make it a reality.**

### **Client Testimonial:**

*My husband Nick and I had the good fortune to engage Build Professional for the renovation of our home during 2013. I say 'good fortune' deliberately because our experience before, during and after our project has been excellent. Compared to some of our friends also undergoing home renovation who have relayed their horror stories with other contractors, we realise now just how fortunate we are to have chosen Build Professional.*

*They have a skilled team with the experience and ability to plan and complete building works around a busy family living at home while it is renovated: building an aeroplane mid-flight would be easier! We were careful with our budget and they stuck to it. However, it is the character of the people and our confidence and trust in all the trades that Build Professional engaged in our home that sets Build Professional apart from being just 'any renovator'. They communicated exceptionally and finished the project with our family and contractor relationships all in good shape.*

*I am proud of the transformation we achieved together. Our home has changed from something which was a little tired and showing its age to a modern, unique family home.*
